Refund procedure and calculations

Refund applications must be made by completing a Refund Application form and sending it to the Finance Department or reception. The student Refund Application Form is available from Student Support Service or website. The Refund Application Form must be submitted via email to finance@UTAIT.edu.au, or in person marked attention "Finance Department".

Whether you are entitled to a refund or not, you will receive written notification of the outcome within 20 working days of receipt of the refund application which will include an explanation of how the refund was calculated. Within 20 working days of receipt of the refund application (for refunds that relate to provider default referred below), the refund will be paid to you or another person you nominate in writing. If a credit card is used to make payment(s), UTAIT will refund the amount on to the credit card used for the payment(s). Where an application is withdrawn or cancelled, notification by submitting a Cancellation Form must be provided.

For refund calculations, other than a student visa refusal, the refund is based on the commencement date of the first CoE for that particular visa application, OR the commencement date of the CoE for which a visa is granted. In the instance that an COE was not issued, the refund will be based on the commencement date of the first Letter of Offer (LOF). Any deferred or subsequent COEs or LOFs will not be considered for the purposes of calculating a refund.

Refund calculation

Weekly tuition fee = $7 \times (\text{total tuition fee for the course} \div \text{number of calendar days in the course})$.

Weeks in default = $\text{number of calendar days from the default day to the end of the period to which the payment relates} \div 7$.

Refund amount = $\text{weekly tuition fee} \times \text{number of weeks in default period}$.

1 Student defaults if the course starts on the agreed location and starting day, but the student does not start the course on that day (without previous withdrawal); or withdraws from the course at the location (either before or after the agreed starting day); or RTO refuses to provide, or continue providing, the course to the student at the location because of one or more of the following: student fails to pay an amount payable to RTO for the course; the student breached a condition of student visa; misbehavior by the student.

2 A refund processing fee of \$300 will be deducted in cases that relate to student default (except if student is refused a student visa)

18
